The Morning Advertiser, which appears to be thoroughly satisfied with the reliability of its statement, says the news will be received in Canada with consternation.

It gives a map and a detailed explanation showing how the decision will affect Canada and adds that those who have followed the arguments have been thoroughly satisfied with Hon. Clifford Sifton's preparation and presentation of the case.

As the two large flags enveloping the statue were drawn aside by William Tecumseh Sherman Thordyke, the nine-year-old grandson of the dead chieftain, the cannon of the Fourth artillery boomed a salute and the marine band struck up the Star Spangled Banner. Success marked every detail of the ceremonies.

Before the unveiling of the statue, the president and Lieutenant General Young reviewed the troops participating in the dedication parade from the stand opposite the statue. The president delivered the address of the day. A representative from each of the societies of the four armies followed in eulogies of General Sherman.

## KILLS HIS SWEETHEART.

Paul Schmidt Then Takes His Own Life.

San Francisco, Oct. 16.—Josephine Meade, a student of the University of California, was shot and killed Thursday by Paul Schmidt, aged twenty-five years, who afterward committed suicide.

Miss Meade was formerly a resident of Los Angeles, where she was employed as a teacher in the public schools. Schmidt was also a resident of Los Angeles, where he is said to be prominently connected.

The tragedy occurred at 1819 Laguna street, where Miss Meade lodged. On leaving the house Miss Meade was met by Schmidt, who had been seen waiting in the neighborhood for some time.

Miss Meade and Schmidt adjourned to a nearby doorway, where they stood for a few minutes. Schmidt talking earnestly and with many gestures.

Miss Meade stepped away from him and approached a passerby, to whom she said: "I beg your pardon, but this man—"

At that moment Schmidt began shooting. He sent four bullets into the girl's body. When she fell dead, he calmly looked at her a few moments and walked down the street, removing the empty shells from his revolver. He then reloaded the pistol, and after firing in the air to test the cartridge, placed the pistol against his forehead and fired. He died instantly.

Schmidt and Miss Meade have been acquainted several years and were once engaged to marry, but his attentions became distasteful to her.

## WHILE TEMPORARILY INSANE.

Ohio Boy Shoots Two Persons and Commits Suicide.

Springfield, O., Oct. 16.—Herbert Hall, a fourteen-year-old boy, returned from the theater at midnight and found his mother, Mrs. Jennie Hall, his sister's sweetheart, Charles Harley, and his sister at home eating candy. After taking several pieces he slowly pulled a revolver and began shooting. One bullet passed through his mother's jaw. Another struck Harley in the face. He fired three shots at his sister without effect and then turned the revolver on himself. The ball entered his head over his left ear and he died instantly. He had been ill with typhoid fever and it is supposed he was mentally unbalanced, although it is thought the tragic performance at the theater was the cause of the deed.

## RESULT OF A QUARREL.

William Sweets Kills Charles Irvin and Then Suicides.

Danora, Pa., Oct. 16.—Charles Irvin, twenty-four years old, and William Sweets, eighteen years old, both employed in the Union plant of the United States Steel corporation here, engaged in a dispute last night. Sweets, while in a terrible rage, pulled a revolver and fired four shots at Irvin, all taking effect, causing death instantly. The shooting occurred in their boarding house and while the boarders were rushing up the stairs to investigate the shooting, Sweets appeared at the head of the stairs, placed the revolver to his forehead and pulled the trigger, rolling down the stairs into the crowd trying to get on stairs and died within a few minutes. Little is known of either man here.

## COLORADO POLITICIAN KILLED.

Caleb A. Simms Shot During a Quarrel in New York.

New York, Oct. 16.—During a quarrel, Caleb A. Simms, one of the best known colored men in the city and leader of the United Colored Democracy of Greater New York, was shot and instantly killed last night in the clubhouse of the Colored Democracy by Alma Padro, a West Indian negro, who is chairman of the house committee of the club. Four shots were fired by Padro, two of which struck Simms. James H. James, another colored politician, who, with others, had interfered in the quarrel, was shot in the right shoulder. The fourth bullet went wild. Padro was arrested. The cause of the shooting is not definitely known, but it is said to have been over a matter of \$60 that Padro claimed the club owed him.

## STARTLING WITNESS

G. A. C. CHRISTIANCY TAKES THE STAND IN BRISERY TRIAL AT CINCINNATI.

## MISLED BY HIS ASSISTANT

TESTIFIES THAT MILLER GOT A RULING ON RYAN MATTER THROUGH DECEIT.

Cincinnati, Oct. 15.—In the trial of Miller and Johns for alleged conspiracy to exact a bribe under the recent postoffice indictments, the government rested Thursday and the defense introduced evidence for three hours. One of the defendants was still on the stand when court adjourned. All of the witnesses of the government were federal officers or former employees of the government, the most prominent being G. A. C. Christianity, who was first assistant attorney in the office of the assistant attorney general for the postoffice department when D. V. Miller was the second assistant attorney or the next in rank to the witness under the Tyner administration. Christianity, while no longer connected with the postoffice department, was a startling witness in testifying that Miller had not submitted some important matters in the Ryan case to him and had misled him in regard to others, notably in the information on which was based the ruling contained in a letter signed by Christianity and sent out last December, which the government claims was sent to Johns or Ryan & Co. The government also seeks to establish a conspiracy by producing a telegram from Miller telling Johns to see Ryan promptly. Christianity testified that Miller, his assistant, had asked him if he did not think, in view of the department's letter to Arnold & Co., a firm similar to Ryan & Co., a letter similar to that one should be sent to Ryan & Co. Christianity testified that he was at first averse to the proposition, but later agreed and Miller submitted a draft of a letter which the latter said had a "string to it."

Christianity testified that Miller had not then called his attention to a special supplemental report of the inspection of a prior date against Ryan & Co., suggesting a second examination. The government sought to prove that Miller procured from his superior the decision which Ryan says he paid Johns for. Christianity said he did not get to see his special representative until three weeks after the letter under his signature had been sent out. After the government rested, counsel for both Johns and Miller filed motions for a non-suit, which were denied.

## IN ORDER TO OBTAIN MONEY.

Duluth Banker Signed Fictitious Name to a Note.

Duluth, Oct. 16.—Charles F. Leland, president of the defunct Commercial Banking company, at a meeting of creditors before Referee in Bankruptcy Pealer, Thursday admitted that he signed the fictitious name of McIntire to a note for the purpose of securing money for his own use from the bank. In answer to a question from an attorney as to how many aliases he had, Leland said "McIntire" was the only one. It developed during the examination that Leland in one way and another had drawn out of the bank, which was a private concern, \$40,000 since March of the present year, but he could give no satisfactory explanation as to what had become of it. He, however, admitted "playing a little poker," and that he had done business in local commission houses. At a former hearing Leland refused to answer a question as to why he took a trip East prior to the closing of his bank, on the ground that it might incriminate him. Thursday he said he went East for the purpose of securing money from Charles A. Towne, with whom he had had a business deal, but that he had been unsuccessful.

Mr. Leland's bookkeeper, E. E. Johnson, who was indicted on the charge of embezzling \$48,000 from the bank is now serving an indeterminate term in the state reformatory.

## NOTABLE ASSEMBLAGE.

Americans, Englishmen and Canadians Meet in London.

London, Oct. 16.—The dinner given by the Pilgrims Society to the Alaska boundary commission at Claridge's hotel last night proved the most notable assemblage of Englishmen, Americans and Canadians ever brought together in London. In addition to the members of the commission, the British cabinet ministers, the American ambassador and the most prominent representatives of English public life were present.

Field Marshal Lord Roberts presided. On his right sat Ambassador Choate and on his left Lord Chief Justice Alverstone. Lord Lansdowne, Sir Louis Jettie, Sir Stanley Clarke and Secretary Elhu Root sat at the same table, while the other guests were distributed at small tables around the room.

Lord Roberts proposed the health of King Edward and President Roosevelt in a united toast which met with a cordial reception.

Lord Alverstone, Lord Lansdowne, J. M. Dickinson and Mr. Aylesworth, then delivered addresses.

Secretary Root closed the dinner with a notable speech, proposing the health of Lord Roberts as the commander-in-chief of the British army and declaring that none who speak the English language would fail to wish health and prosperity to the leader of the marches to Kandahar, Lucknow and Pretoria. Lord Roberts briefly thanked Secretary Root and the proceedings then ended.

## DIRECTORS ON THE STAND.

Temporary Officers of Shipbuilding Company Testify.

New York, Oct. 16.—The entire time at Thursday's hearing of the United States Shipbuilding company investigation before Referee Oliphant was given up to the taking of testimony covering the incorporation and organization of the company in New Jersey. Frederic Seward, Horace Gould and Kenneth McLaren, young men connected with the Corporation Trust company of New Jersey, who acted either as incorporators or directors of the shipbuilding combination, were called to the stand and examined at length as to the circumstances under which they served the promoters of the enterprise.

Frederic Seward, who has served as a director, was questioned for three hours, the inquiry covering his connection with the company from the time Alexander and Green asked him to serve as a director until he resigned when the permanent officers were elected. He would not admit that he was a mere "dummy" acting under the orders of the counsel of the company. Seward and the other temporary directors acted upon the increase in the capital stock of the company from \$3,000,000 to \$45,000,000, voted for the issuance of securities to the amount of \$71,000,000, and decided other matters of importance, and the testimony of Thursday indicates an intention to attack the validity of all those transactions.

## BOUND FOR NEW YORK.

Dowie's Restoration Host Stops at Niagara Falls.

Buffalo, N. Y., Oct. 16.—Seven trainloads of John Alexander Dowie's restoration host, bound for New York, arrived here Thursday, and after spending a few hours at Niagara Falls, resumed their pilgrimage to New York.

It had been announced that Dr. Dowie would hold a meeting in Prospect park upon his arrival at the falls. Several local preachers called upon Assistant Superintendent Perry and lodged a protest against the use of the public park for missionary work by the Zionists. When Dr. Dowie's lieutenants asked for permission to erect a stand, their request was refused. Dr. Dowie, when informed, sent back a message for the assistant superintendent, stating that he had no intention to violate the law and that he merely wished to hold a short song and prayer service in the park and incidentally have the meeting photographed. Mr. Perry granted the permit to that extent.

The special trains left for New York in the evening.

## DARK AND GLOOMY WEATHER.

Camp Sanger, Fort Riley, Kan., Oct. 16.—Thursday dawned with dark and gloomy weather, which made everyone feel decidedly uncomfortable. The joint maneuvers of the regulars and national guard will commence on Monday next. When all troops assigned have arrived they will number 14,000, about 9,000 regulars and 5,000 militia.

## DISASTROUS SETTLEMENT.

London Brokerage Firm Loses a Million Pounds.

London, Oct. 16.—The Daily Chronicle in its financial article this morning states that the stock exchange settlement proved disastrous for one of the largest of the London stock brokerage firms, whose losses are estimated at £1,000,000. The failure of the house was only prevented by a sort of forced liquidation of its affairs, so huge and complicated that the city did not dare allow the firm to fail openly. It is said that the firm will be wound up and that it will disappear.

It is also reported that several other important firms were compelled practically to wind up or have been assisted by banks and financiers to the tune of many millions.

## DARK AND GLOOMY WEATHER.

**Regimental Drills at Fort Riley Are Called Off.**

Camp Sanger, Fort Riley, Kan., Oct. 16.—Thursday dawned with dark and gloomy weather, which made everyone feel decidedly uncomfortable. The regimental drills scheduled for the morning were called off on account of mud, as was the problem for the afternoon. The joint maneuvers of the regulars and national guard will commence on Monday next. When all troops assigned have arrived they will number 14,000, about 9,000 regulars and 5,000 militia.

The maneuvers ultimately will see the mobilization of more field batteries than has been attempted since the Civil war. The war department has directed batteries numbering forty-two guns to participate in the maneuvers.

## HARVEST HANDS KILLED.

**Fast Freight Train Ditched by Spreading Rails.**

Lindsborg, Kan., Oct. 16.—Four harvest hands were killed in a wreck of a Missouri Pacific fast freight train, two miles east of Langley, Kan., Thursday. The roadbed had been weakened by the recent heavy rains and as the train rounded a curve the rails spread and eleven cars were piled in a heap at the bottom of an embankment twenty feet high. The harvest hands were returning from Western Kansas and they were taking their way.

## DISASTROUS SETTLEMENT.

**London Brokerage Firm Loses a Million Pounds.**

London, Oct. 16.—The Daily Chronicle in its financial article this morning states that the stock exchange settlement proved disastrous for one of the largest of the London stock brokerage firms, whose losses are estimated at £1,000,000. The failure of the house was only prevented by a sort of forced liquidation of its affairs, so huge and complicated that the city did not dare allow the firm to fail openly. It is said that the firm will be wound up and that it will disappear.

It is also reported that several other important firms were compelled practically to wind up of have been assisted by banks and financiers to the tune of many millions.

## STREET CARS COLLIDE.

**Three Persons Badly Injured in an Accident at St. Paul.**

St. Paul, Oct. 16.—Three people were quite badly injured and a number of others bruised and shaken up in a rear-end collision between an inter-

urban and a Hamline and Jackson street car at Rice street and University avenue last evening at 6:10 o'clock. The seriously injured are: Mrs. James Fairfax, Mankato, Minn., had gash on forehead and bruises about the body, may be internally injured; J. P. O'Connor, St. Paul, face and head badly cut; John Nielson, St. Paul, deep gash on right cheek, scalp wound, shoulder dislocated. Slippery tracks caused the accident.

## JAPAN REFUSES PROPOSITION.

**Russia Offers to Relinquish Claims on Korea and Retain Manchuria.**

London, Oct. 16.—The Kobe correspondent of the Daily Mail telegraphs, under date of Oct. 16, that it is reported that Russia has offered to relinquish her claims in Korea, but insists on retaining Manchuria. It is stated that Japan has refused to accede to this proposition.

Vice Admirals Arima and Kamamura and a number of other naval officers have been summoned to meet the emperor at the palace today. Later Admiral Ito and other officers will be given an audience by the emperor.

## CALUMET Baking Powder

**A perfectly healthful powder made by improved chemical methods and of accurately proportioned materials.**

Trust Baking Powders sell for 45 or 50 cents per pound and may be identified by this trademark. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.

### A Troublesome Ant.

In the state of Colombia there is a  
large ant (Atta cephalotes) which  
causes a great deal of injury to plan-  
tations. It attacks and carries off in-  
discriminately all kinds of foliage, and  
no sort of vegetation seems to come  
amiss to it. The quantity of foliage  
carried off by these ants is immense.  
A naturalist recently investigated the  
uses to which the ants put this mass  
of vegetable matter, and he ascertained  
that they employ it to make hotbeds,  
upon which their eggs are deposited  
to be hatched by the heat produced  
by the fermentation of the leaves. The  
ants do not eat these portions for food,  
and the larvae are fed upon a carefully  
selected diet. Once the brood is hatched,  
the ants clear away the hotbed, carry-  
ing out of their nest all the decom-  
posed vegetable matter. This is thrown  
out in heaps apart, and in the large ant  
hills these heaps will contain bushes  
and upward.

## MUSIC AND DRAMA.

### "THE NEW DOMINION."

One thing Mr. Clay Clement has done  
for us in his admirable presentation of  
"The New Dominion," in addition to the  
emphasis he has given to a pure and  
true dramatic art, is to bring before us  
the intellectual peculiarity and the  
beauty of the German civilization  
through his character of Baron von  
Hohenstauffen. The real German civil-  
ization is so remote from us that we  
scarcely realize the strange blending of  
philosophical sentiment with a rigid old-  
world formality that marks its individ-  
uality. Baron von Hohenstauffen is in  
himself an epitome of all that is best  
in the German character.—The Chicago  
Times-Herald.

Years ago, when Clay Clement was  
unknown in many cities where he is  
now a favorite, "The New Dominion"  
was pronounced a comedy whose purity,  
sweetness and gentle humor made it  
idyllic in its charm, while the Hohen-  
stauffen of the actor was accorded its  
proper rank as one of the most appeal-  
ing and artistic creations of the modern  
stage. "The New Dominion" of today  
has lost not a whit of its beauty or its  
interest.—The Detroit Free Press.

This fine actor and his excellent com-  
pany comes to the Brainerd theatre  
next Tuesday evening should attract a  
large audience of our best theatre  
goers.

### SIS HOPKINS.

One of the best attractions which will  
be seen here this season come to the  
Brainerd theatre next Thursday, Oct.  
22, when Miss Rose Melville will be  
seen in her original character of Sis  
Hopkins in the pretty pastoral play of  
the same name. This is the fifth sea-  
son that Miss Melville has been playing  
this part, and each year it grows in  
popularity. The part of Sis Hopkins is  
one which appeals to the heart interests  
of human nature. It tells the story of  
simple life of a country girl, who has  
been reared among the simplicities and  
honesties of the good people of Posey  
county, Indiana. She gets a glimpse of  
the evils of the outside world, and leaves  
home an awkward, uncouth, pathetic  
little figure. She returns polished,  
educated—but with the same loyal  
heart and sweet nature which had  
always characterized her. The story  
abounds with interest, and the love  
tales which embellish it, and are a part  
of the plot, are delightfully sincere and  
unconventional. Miss Melville has been  
given an entirely new production of the  
play by her manager, J. R. Stirling, and  
the company which has been supplied  
to support her has been chosen with a  
view to the individual fitness of each  
member to portray the quaint charac-  
ters of central Indiana. The play has  
been made additionally interesting this  
season by the addition of many new  
specialties in the famous graduation  
entertainment scene at Miss Peckover's  
young ladies' seminary.

### "THE BURGOMASTER."

The attraction at the Brainerd thea-  
tre shortly will be "The Burgomaster"  
the greatest comedy success of the  
times. There is a company of sixty  
people presenting this light opera  
favorite with a new production, new  
costumes and the prettiest chorus that  
"The Burgomaster" has ever had.  
When one considers that "The Burgo-  
master" has always been famed for its  
pretty girls, it can be seen that this  
claim means a great deal. Half a dozen  
new songs have been introduced into  
the piece this season, and one of them,  
entitled "Middle New York" is said to be  
an immense hit. In the big company  
presenting "The Burgomaster" this  
year, are as many of the famous origi-  
nal cast as could be procured.

### MR. ARTHUR FARWELL.

The New York Sun says of Arthur  
Farwell in his lecture-recital, which will  
be given at the First Congregational  
church in this city under the auspices  
of the Brainerd Ladies' Musical club  
on Friday Oct. 30:

"As a concrete presentation of his  
views, Mr. Farwell played on the piano  
to the great interest of his audience,  
first the simple melody, then the har-  
monization, and finally an orchestral  
rendering—so far as might be given on  
the piano—of an Omaha lyric known as  
'The Old Man's Love Song.' His re-  
marks and his illustrations of them met  
with hearty applause."

### EDWARD BAXTER PERRY.

Mr. Edward Baxter Perry, the cele-  
brated blind pianist, will give his recital  
at the First Congregational church,  
in this city on the evening of November  
2, and this is what the critic of a critical  
Boston paper says of him:

"Mr. Perry is not a prodigy, but an  
artist, who has shaped his rare musical  
gifts by long, patient and intelligent  
study under the best European teachers.  
His touch is powerful and clear, his  
technique certain and easy, and his in-  
terpretations large and earnest."

### Natural History.

Pupil—Bees live in a hive, but they  
call it a cellar, for it is full of cells.  
Bees also make honey. They make it  
fine by combing it with a fine honey-  
comb.—New York Times.

## UP BEFORE INSANITY BOARD

Alvina Williams, Who was Married Last  
Winter to One of the Williams Boys,  
in a Precarious Condition.

Mrs. Alvina Williams was up before  
the insanity board yesterday afternoon,  
her case having been brought to the at-  
tention of Judge of Probate Sanborn by  
some of those interested. The board  
decided that she was not exactly a fit  
subject for the insane hospital but that  
she was certainly a subject for medical  
treatment and she was therefore order-  
ed sent to St. Joseph's hospital for a  
time.

This woman was known about Brainerd  
last winter as Alvina Kronke, and  
readers of the DISPATCH will recall the  
experiences through which the girl  
went before she found a husband. She  
claimed in the first instance to have  
been deceived by a man working at the  
shops. He had promised to marry her,  
the day had been set for the wedding,  
her people had been invited in and they  
all gathered in the office of Judge War-  
ner, who was to perform the marriage  
ceremony, but her intended never show-  
ed up. For days and weeks this poor  
girl tramped the streets in hopes that  
she might locate the man who had  
promised to marry her. Finally one  
night just about 6 o'clock, Drayman  
Bolton met her on the street and asked  
her if she really wanted a husband. She  
said she did and she was directed to  
Albert Williams who was sawing wood  
near Swartz' drug store. She went over  
and asked him if he did not want to get  
married, he said he did and they went  
straight and got a license and were mar-  
ried.

A short time ago Mrs. Williams gave  
birth to a child and since that time she  
has not been well, some thinking that  
she was bordering on insanity. The  
fact in the matter is that several mem-  
bers of her family have been examined  
before for insanity and it is not at all  
unlikely if the woman lives that she  
will ultimately be taken to the asylum.

### An Odd Picture.

One of the strangest sights I ever  
saw in a wild country was a little min-  
ister garbed in solemn black, white  
"dog" collar, buttonless vest and stiff  
black straw hat. The dominie was  
standing in a leaky boat in the midst  
of a primordial woods, fishing the boil-  
ing waters of a mountain torrent. At  
his back a cataract roared and pound-  
ed the rocks, churning the water to  
white suds. Above him the eternal  
snow glistened on the mountains, and  
but a few yards away a gaunt cinnam-  
on bear was quietly nosing among  
the driftwood.—Dan Beard in World's  
Work.

## HIS BROTHER INJURED

Gus Remus, Conductor on the Transfer  
Line Between Old and New Su-  
perior, Is Hurt.

Word was received in the city yester-  
day of the accident which befell Gus  
Remus, a brother of Former Yardmaster  
Chas. Remus. Gus Remus lives at Su-  
perior and he is a conductor on the  
transfer line between old and new Su-  
perior. Somehow as he was leaving one  
of the stations he got caught and was  
quite badly injured. At first it was  
thought that the injuries would prove  
fatal but on further examination it was  
found that they were but slight and  
that the young man would be laid up  
but for a short time.

## Where the Hourglass Is Used.

Among things not generally known  
is the fact that the hourglass is un-  
iversally used on board ships in the  
English navy when the log is heaved  
at night.

Every hour the boatswain or one of  
the boatswain's mates blows on his  
whistle a peculiar shrill note called the  
reed. The person in the watch to whom  
this duty is assigned then heaves the  
log, a small piece of wood with a sink-  
er fitted in it, and at that moment the  
glass is turned. Though termed an  
hourglass generally, it is only a four-  
teen second glass really.

As the last grain runs out the log  
line is stopped with a jerk, which also  
loosens the lead sinker. The log floats  
up to the surface of the sea, the line is  
hauled in and an entry made in the  
book, which, from its containing this  
among other items of the daily and  
nightly events of the voyage, is called  
the log book.—London Country Life.

## A Troublesome Ant.

In the state of Colombia there is a  
large ant (Atta cephalotes) which  
causes a great deal of injury to plan-  
tations. It attacks and carries off in-  
discriminately all kinds of foliage, and  
no sort of vegetation seems to come  
amiss to it. The quantity of foliage  
carried off by these ants is immense.  
A naturalist recently investigated the  
uses to which the ants put this mass  
of vegetable matter, and he ascertained  
that they employ it to make hot-  
beds, upon which their eggs are depos-  
ited to be hatched by the heat produced  
by the fermentation of the leaves. The  
ants do not eat these portions for food,  
and the larvae are fed upon a carefully  
selected diet. Once the brood is hatched,  
the ants clear away the hotbed, carry-  
ing out of their nest all the decom-  
posed vegetable matter. This is thrown  
out in heaps apart, and in the large ant  
hills these heaps will contain bushels  
and upward.

## MUSIC AND DRAMA.

### "THE NEW DOMINION."

One thing Mr. Clay Clement has done  
for us in his admirable presentation of  
"The New Dominion," in addition to the  
emphasis he has given to a pure and  
true dramatic art, is to bring before us  
the intellectual peculiarity and the  
beauty of the German civilization  
through his character of Baron von  
Hohenstauffen. The real German civil-  
ization is so remote from us that we  
scarcely realize the strange blending of  
philosophical sentiment with a rigid old-  
world formality that marks its individ-  
uality. Baron von Hohenstauffen is in  
himself an epitome of all that is best  
in the German character.—The Chicago  
Times-Herald.

Years ago, when Clay Clement was  
unknown in many cities where he is  
now a favorite, "The New Dominion"  
was pronounced a comedy whose purity,  
sweetness and gentle humor made it  
idyllic in its charm, while the Hohen-  
stauffen of the actor was accorded its  
proper rank as one of the most appeal-  
ing and artistic creations of the modern  
stage. "The New Dominion" of today  
has lost not a whit of its beauty or its  
interest.—The Detroit Free Press.

This fine actor and his excellent com-  
pany comes to the Brainerd theatre  
next Tuesday evening should attract a  
large audience of our best theatre  
goers.

### SIS HOPKINS.

One of the best attractions which will  
be seen here this season come to the  
Brainerd theatre next Thursday, Oct.  
22, when Miss Rose Melville will be  
seen in her original character of Sis  
Hopkins in the pretty pastoral play of  
the same name. This is the fifth sea-  
son that Miss Melville has been playing  
this part, and each year it grows in  
popularity. The part of Sis Hopkins is  
one which appeals to the heart interests  
of human nature. It tells the story of  
simple life of a country girl, who has  
been reared among the simplicities and  
honesties of the good people of Posey  
county, Indiana. She gets a glimpse of  
the evils of the outside world, and leaves  
home an awkward, uncouth, pathetic  
little figure. She returns polished,  
educated—but with the same loyal  
heart and sweet nature which had  
always characterized her. The story  
abounds with interest, and the love  
tales which embellish it, and are a part  
of the plot, are delightfully sincere and  
unconventional. Miss Melville has been  
given an entirely new production of the  
play by her manager, J. R. Stirling, and  
the company which has been supplied  
to support her has been chosen with a  
view to the individual fitness of each  
member to portray the quaint charac-  
ters of central Indiana. The play has  
been made additionally interesting this  
season by the addition of many new  
specialties in the famous graduation  
entertainment scene at Miss Peckover's  
young ladies' seminary.

### "THE BURGOMASTER."

The attraction at the Brainerd the-  
atre shortly will be "The Burgomaster"  
the greatest comedy success of the  
times. There is a company of sixty  
people presenting this light opera  
favorite with a new production, new  
costumes and the prettiest chorus that  
"The Burgomaster" has ever had.  
When one considers that "The Burgo-  
master" has always been famed for its  
pretty girls, it can be seen that this  
claim means a great deal. Half a dozen  
new songs have been introduced into  
the piece this season, and one of them,  
entitled "Mlle. New York" is said to be  
an immense hit. In the big company  
presenting "The Burgomaster" this  
year, are as many of the famous origi-  
nal cast as could be procured.

### MR. ARTHUR FARWELL.

The New York Sun says of Arthur  
Farwell in his lecture-recital, which will  
be given at the First Congregational  
church in this city under the auspices  
of the Brainerd Ladies' Musical club  
on Friday Oct. 30:

"As a concrete presentation of his  
views, Mr. Farwell played on the piano  
to the great interest of his audience,  
first the simple melody, then the har-  
monization, and finally an orchestral  
rendering—so far as might be given on  
the piano—of an Omaha lyric known as  
'The Old Man's Love Song.' His re-  
marks and his illustrations of them met  
with hearty applause."

### EDWARD BAXTER PERRY.

Mr. Edward Baxter Perry, the cele-  
brated blind pianist, will give his recital  
at the First Congregational church,  
in this city on the evening of November  
2, and this is what the critic of a critical  
Boston paper says of him:

"Mr. Perry is not a prodigo, but an  
artist, who has shaped his rare musical  
gifts by long, patient and intelligent  
study under the best European teachers.  
His touch is powerful and clear, his in-  
terpretations large and earnest."

### Natural History.

Pupils—Bees live in a hive, but they  
call it a cellar, for it is full of cells.  
Bees also make honey. They make it  
fine by combing it with a fine honey-  
comb.—New York Times.

## UP BEFORE INSANITY BOARD

Alvina Williams, Who was Married Last  
Winter to One of the Williams Boys,  
in a Precarious Condition.

Mrs. Alvina Williams was up before  
the insanity board yesterday afternoon,  
her case having been brought to the at-  
tention of Judge of Probate Sanborn by  
some of those interested. The board  
decided that she was not exactly a fit  
subject for the insane hospital but that  
she was certainly a subject for medical  
treatment and she was therefore ordered  
sent to St. Joseph's hospital for a  
time.

This woman was known about Brainerd  
last winter as Alvina Kronke, and  
readers of the DISPATCH will recall the  
experiences through which the girl  
went before she found a husband. She  
claimed in the first instance to have  
been deceived by a man working at the  
shops. He had promised to marry her,  
the day had been set for the wedding,  
her people had been invited in and they  
all gathered in the office of Judge War-  
ner, who was to perform the marriage  
ceremony, but her intended never showed  
up. For days and weeks this poor  
girl tramped the streets in hopes that  
she might locate the man who had  
promised to marry her. Finally one  
night just about 6 o'clock, Drayman  
Bolton met her on the street and asked  
her if she really wanted a husband. She  
said she did and she was directed to  
Albert Williams who was sawing wood  
near Swartz' drug store. She went over  
and asked him if he did not want to get  
married, he said he did and they went  
straight and got a license and were mar-  
ried.

A short time ago Mrs. Williams gave  
birth to a child and since that time she  
has not been well, some thinking that  
she was bordering on insanity. The  
fact in the matter is that several mem-  
bers of her family have been examined  
before for insanity and it is not at all  
unlikely if the woman lives that she  
will ultimately be taken to the asylum.

### An Odd Picture.

One of the strangest sights I ever  
saw in a wild country was a little mis-  
ter garbed in solemn black, white  
"dog" collar, buttonless vest and stiff  
black straw hat. The dominie was  
standing in a leaky boat in the midst  
of a primeval woods, fishing the boiling  
waters of a mountain torrent. At his  
back a cataract roared and pounded  
the rocks, churning the water to  
white suds. Above him the eternal  
snow glistened on the mountains, and  
but a few yards away a gaunt cinnam-  
on bear was quietly nosing among  
the driftwood.—Dan Beard in World's  
Work.

## WHOLESALE FIRM UNDERGOES A COMPLETE REORGANIZATION

The Firm of Cleary, McGinnis & Hemstead to be  
Converted into Stock Company.

PROMINENT BUSINESS MEN ARE INTERESTED

J. F. McGinnis, Who Has Been Credit Man and  
in Charge of Financial End, Retires.

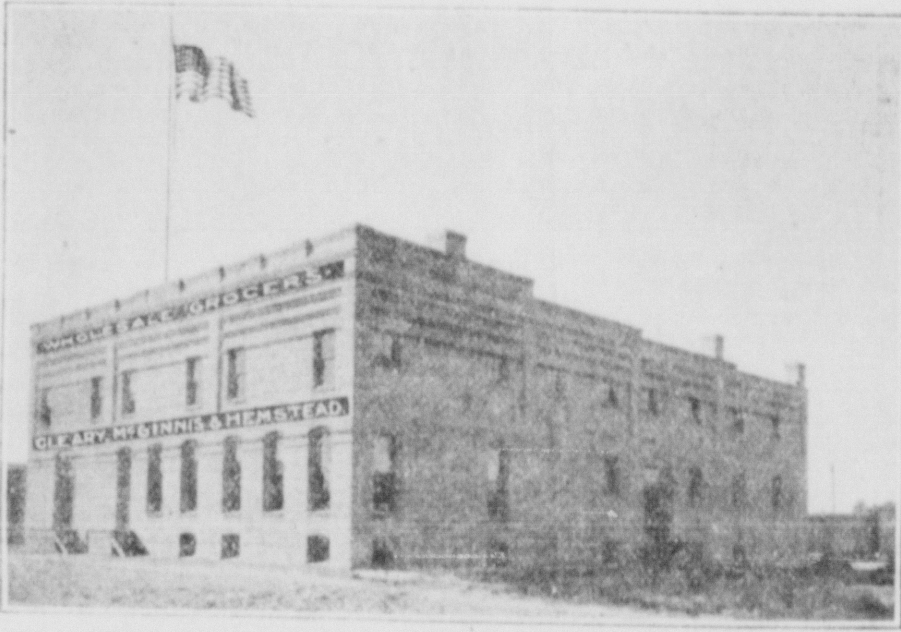

There is about to be a change in the  
firm of Cleary, McGinnis & Hemstead  
and the company will be thoroughly re-  
organized and placed on a different  
basis.

Up to now the firm has been a co-  
partnership concern but the intention  
now is to make it a stock company.

The company of Cleary, McGinnis &  
Hemstead was organized a little over

of the firm, will retire. Dr. Hemstead  
will retain half his interest in the new  
concern. The new company will be a  
stock company and the capital stock  
will in all probability be increased con-  
siderably. W. H. Cleary has retained his  
interest and will take more stock in the  
new concern.

Among those now mentioned as the  
most prominent stock holders in the

two years ago and capitalized at \$30,  
000, the partners being W. H. Cleary, J.  
F. McGinnis and Dr. W. Hemstead.  
The company has done a fairly good  
business, especially right here in Brainerd  
and has seen quite prosperous times,  
but it was deemed best in view of the  
strong competition in the field to reor-  
ganize and place the company on a dif-  
ferent basis.

J. F. McGinnis, who has been credit  
man and who has charge of the finances

new concern are Con O'Brien, J. W.  
Koop, Dr. W. Hemstead, M. J. Reilly  
and W. H. Cleary.

All grocers in the city will be  
given an opportunity to take stock in  
the new company.

An inventory of the stock will be  
taken on Sunday and the formal trans-  
fer will then be made, the name of the  
new firm given out and all other in-  
formation of interest to the public.

Unproven claims have made the peo-  
ple skeptics.

Every claim made for the "Little Con-  
queror" is proven.

Proven in Brainerd by local experi-  
ence.

Here is one case from the many we  
have:

Mrs. J. H. Zellers, of 63 Main street,  
says: "I believe that after what Doan's  
Kidney Pills did for me they will help  
any one similarly troubled. Before  
using them I suffered for six months  
from my kidneys, there was a miserable  
feeling of pressure over those organs  
and the secretions were scanty. Be-  
sides this there was a heavy pain across  
the small of my back. A box of Doan's  
Kidney Pills were gotten at the nearest  
drug store and as I was glad to try any  
thing to obtain relief, I took the pills  
and really they acted like a charm. I  
can truthfully say that I have not a  
symptom since. In my old condition I  
could not do a half day's work without  
my back giving me no end of trouble."

### NO TROUBLE THERE

Washington Correspondent of the St. Paul

Dispatch Visits Chippewa Reserva-

tion the Past Week.

F. A. Johnson, Washington cor-  
respondent of the St. Paul Dispatch, has  
returned from an extended trip through  
northern Minnesota.

He spent several days on the Chippe-  
wa Indian reservation, and with the ex-  
ception of the circulation of petitions  
for the repeal of the Morris act, which  
provides for the immediate sale of a  
large area of pine timber under the seal-  
ed bid system, he said that he could not  
find any grounds for believing the re-  
ports of forthcoming trouble with the  
Indians. The Indians are circulating  
such a petition.

Some of the White Earth Indians ob-  
ject to the rules and regulations which  
require the purchasers of pine to clear  
up the debris and burn the foliage from  
the tops of trees, because it will entail  
an additional expense which will be  
taken from the funds that will accrue  
to the Indians.

This can easily be remedied, inasmuch  
as the rules can be changed by the se-  
cretary of the interior.

The Indians, it is believed, will realize  
a much more substantial return from  
the sale of pine under the sealed-bid  
plan than under the old system, which  
resulted in continual trouble, scandal  
and litigation.

### DON'T LEAVE THE CITY

Plenty of Proof Right Here in Brainerd  
Claim is one thing, proof another. Columbus claimed the world was round.

Did people believe it? Not until he proved it.

Unproven claims have made the people skeptics.

Every claim made for the "Little Conqueror" is proven.

Proven in Brainerd by local experience.

Here is one case from the many we have:

Mrs. J. H. Zellers, of 63 Main street, says: "I believe that after what Doan's Kidney Pills did for me they will help any one similarly troubled. Before using them I suffered for six months from my kidneys, there was a miserable feeling of pressure over those organs and the secretions were scanty. Besides this there was a heavy pain across the small of my back. A box of Doan's Kidney Pills were gotten at the nearest drug store and as I was glad to try anything to obtain relief, I took the pills and really they acted like a charm. I can truthfully say that I have not a symptom since. In my old condition I could not do a half day's work without my back giving me no end of trouble."

Sold for 50 cents, at H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

Have you seen D. M. Clark & Co's New Hot Blast. Burns hard or soft coal, wood or coke. Sold on small payments.

### NO TROUBLE THERE

Washington Correspondent of the St. Paul Dispatch Visits Chippewa Reservation the Past Week.

F. A. Johnson, Washington correspondent of the St. Paul Dispatch, has returned from an extended trip through northern Minnesota.

He spent several days on the Chippewa Indian reservation, and with the exception of the circulation of petitions for the repeal of the Morris act, which provides for the immediate sale of a large area of pine timber under the sealed bid system, he said that he could not find any grounds for believing the reports of forthcoming trouble with the Indians. The Indians are circulating such a petition.

Some of the White Earth Indians object to the rules and regulations which require the purchasers of pine to clear up the debris and burn the foliage from the tops of trees, because it will entail an additional expense which will be taken from the funds that will accrue to the Indians.

This can easily be remedied, inasmuch as the rules can be changed by the secretary of the interior.

The Indians, it is believed, will realize a much more substantial return from the sale of pine under the sealed-bid plan than under the old system, which resulted in continual trouble, scandal and litigation.

TILLMAN GOES FREE  
JURY IN FAMOUS MURDER TRIAL  
BRINGS IN A VERDICT OF  
NOT GUILTY.  
NOTED CASE FINALLY ENDED  
ONE JURYMEN HUNG OUT FOR  
CONVICTION FOR ALMOST  
TWENTY HOURS.

Lexington, S. C., Oct. 16.—The trial of James H. Tillman, who was charged with the murder of G. G. Gonzales, editor of the State, in Columbia, on Jan. 15 last, ended Thursday in an acquittal. The jury before which Tillman has been on trial since Sept. 26 brought in a verdict of not guilty, thus ending a judicial hearing which has engrossed the attention of the public of South Carolina as none other has in the last quarter of a century. The jury was out for twenty hours before arriving at a verdict. Never was a case in South Carolina courts more vigorously contested than this. The solicitor was assisted in the prosecution by four other lawyers, while the accused was defended by seven lawyers, an exceptional array of counsel. More than 100 witnesses gave testimony, about as many on one side as the other, and nine lawyers argued before the jury. Mr. Tillman left on an afternoon train for his home in Edgefield, accompanied by his wife and friends from his home county.

Jury Decides Upon a Verdict.  
When Judge Gary convened court at 9:30 o'clock, civil business was taken up and more than an hour elapsed before a knock was heard on the door leading into the jury room. Judge Gary directed the bailiff to ascertain if an agreement had been reached, and word came that the jury had determined upon a verdict.

Except for the court officials, members of the local bar and the newspapermen, the courtroom was practically deserted. Summonses were sent for the attorneys in the case and the sheriff was directed to bring the accused into court. The jurors filed in and took their seats, but as all the attorneys had not arrived there was a delay of a few moments before their decision was announced. The few minutes elapsing between the coming in of the jury and the announcement of its verdict were anxious ones. The defendant occupied his customary position among his lawyers, facing the jury. Not all the attorneys had come in when the court asked if there would be any objection to having the verdict announced without waiting, calling attention to the strain so apparent throughout the room. No objection was offered.

Friends of Tillman Applaud.  
"Gentlemen, have you agreed upon a verdict?" asked the clerk. The foreman replied in the affirmative and at the same time handed the verdict to the clerk. It took but an instant to read it, and when the words "Not guilty," were heard, some of the friends of the defendant gave vent to their feelings in a shout, though the court had previously admonished those present not to make any demonstration.

The motion by counsel for the defense for the discharge of the defendant was immediately signed by Judge Gary, the solicitor assenting, and Tillman was at liberty. Tillman then walked up to the bench and shook hands with the judge, after which he shook hands with the jurors and later was surrounded by his friends, who extended their congratulations.

He left the courtroom in company with his attorneys, but parted with them at the front door to go across the street to the jail, visiting that institution for the last time to gather up his effects. He has been in custody since Jan. 15, his application for bail having been refused.

Soon after the jury went out a ballot was taken which resulted in a vote of 10 to 2 for an acquittal. Soon after one of the minority joined the majority, leaving one juror standing out. He held to his views and kept the jury out all night. It was only about twenty minutes before the knock was heard on the jury room door Thursday morning that he yielded.

EXPRESS MESSENGERS STRIKE.  
Demand Ten Per Cent Increase in Wages.

St. Louis, Oct. 16.—A strike was declared soon after 6 o'clock last evening by the Pacific Express messengers in St. Louis. Two hundred men are affected here and in East St. Louis. Last Tuesday the members of the local Brotherhood of Railway Expressmen submitted a demand for an increase of 10 per cent in wages. The demand was considered Thursday and notification was sent to the express messengers that the increase could not be granted. The walk-out last night resulted.

Little Rock, Ark., Oct. 16.—A general walk-out of employees of the Pacific Express company occurred in Arkansas. About 300 men are affected in this state. It is reported here that 2,000 men are affected in Arkansas, Louisiana, Indian Territory and Texas.

INDIANS HIGHLY EXCITED.

Threaten Disaster to White Depredators if Caught.

Decatur, Neb., Oct. 16.—A series of depredations, alleged to have been committed by a gang of white men on the Omaha reservation, has brought the Indians of the Skunk and Wolf lodges to a high state of excitement. United States Marshal Sloan has sent a number of deputies to quiet the Indians and arrest the guilty ones.

The braves threaten disaster to the men if caught and an effort is being made to capture them and take them to Omaha.

MESSENGER IN KIDNAP.  
Ten Thousand Dollars Also Voted for the Victim.  
New York, Oct. 16.—Bladder & Co., central office accountants, asked the local police Thursday to send out a general alarm for Clarence R. Leonard, eighty-year-old, of East Orange, N. J., a messenger employed by the firm. It is alleged that Leonard forced two checks, one for \$7,500, and the other for \$2,500, using the firm name, on two local banks, presented them at the banks and collected the money. He is said to have secured the money last Tuesday at noon and to have disappeared immediately thereafter. It is also said that a young woman living in East Orange disappeared at the same time. Leonard had been attending to his usual duties at the bank until about 11 o'clock of East Orange and had the full confidence of his employers.

The former is supposed to be a clever work, and the latter a false one was undoubtedly true. The theory was made known in one of the banks almost immediately after the check had been cashed there. The suspicion of the cashiers was aroused because Leonard, who seemed nervous and because the check called for \$7,500, a larger amount than he had ever presented a check for before. Haskins and Co. were communicated with and a member of the firm hurried to the bank, examined the check and pronounced it a forgery.

Robbed the Mails.  
Lincoln, Neb., Oct. 16.—J. T. Dietendorf, a distributing clerk in the post office in this city, has been arrested for robbing the mails. He was caught by means of a decoy letter. Dietendorf confessed after being arrested, admitting he had been taking money from letters for about a year.

Nine Persons Injured.

ARGUMENTS BY COUNSELS.  
Last Longer Than Had Been Expected in Tillman Trial.  
Lexington, S. C., Oct. 16.—The jury in the trial of James H. Tillman listened to arguments by counsel throughout the entire day. When court convened Tuesday an unusually large crowd was present and by the time adjournment was taken at night the room was crowded, the audience containing many women. Contrary to the programme agreed upon, the arguments to the jury were not concluded Tuesday. Colonel Croft for the defense and Colonel Bellinger for the state will continue their arguments today. Requests for instructions to the jury were read and discussed Tuesday. The state wishes the jury be instructed that the doctrine of self-defense requires that if there is any reasonable and safe way of escape, a man must accept it and not take a life; in order to return a verdict of self-defense, the jury must be satisfied by a preponderance of the evidence that the person in question was not in fault and that he was in danger of great bodily harm and that the prisoner at the time believed the same. The state asked that the jury be instructed that previous threats do not justify the taking of life unless there is a demonstration at the time of the homicide.

ALASKA BOUNDARY TRIBUNAL.  
Meetings Held But No Decision Made Public.

London, Oct. 16.—The Alaska boundary tribunal held another secret session during the morning and adjourned for lunch at 10:20 a. m. Nothing of a public nature developed, except that when Lord Chief Justice Alverstone came out of the conference room he asked Secretary Tower to ascertain whether the original treaty was signed both in French and English. No explanation was given of the reason for this question.

The commission held an afternoon session and adjourned for the day without reaching a decision.

Lord Alverstone has telegraphed to Premier Laurier a formal denial of a newspaper statement mentioned in the Dominion parliament Monday to the effect that he (Lord Alverstone) had said that the United States had the stronger case in the Alaska boundary question.

The lord chief justice says the report is a "complete fabrication." American "and hopeful that an agreement will be reached."

MAGAZINE THREATENED.

Chinese Attempt to Blow Up Britons in Peking.

London, Oct. 16.—A Peking dispatch to the Times describes a mysterious attempt to blow up the magazine of the British legation Tuesday night during a military drill. Wires were laid, but were not connected with the battery. At the same time the breach blocks and sights of a 4.7 gun were stolen, but have since been discovered in the native city.

The attempt is believed to have been in retaliation for the Britishers' absenting themselves from the emperor's dowager's first audience which action was a protest against the Chinese's severe attitude towards Chinese reformers.

Eager For Double Duty.

A manufacturer in the west of England, anxious that his hands should keep Christmas in a proper spirit, told them that if they went to church on that day they should receive their wages just the same as if they had been at work. Shortly after the address a deputation of solemn faced employees waited upon their chief. "We're willin' to attend church," said the spokesman, "and if ye can see yer way to payin' us overtime we're willin' to attend the Methodist chapel in the evenin'."

Baying a Daughter.

A lady, in a most mourning attire was walking in a street in Vienna the other day when she saw a beggar woman with three children, one of them a girl of two, sitting at the foot of a monument. She sent a street porter to ask if she would give up the girl. The woman nodded, whereupon the lady in black walked up to her, gave her some bank notes and took the child to a store. Half an hour later she emerged with the same child elegantly dressed, hallooed a cab and drove away.

Ancient Head Coverings.

The hat is simply a variation of and no doubt an improvement upon the ancient coverings for the head, no matter what their shape or material. Comment has been made because some noted paintings of Scriptural and oriental life do not depict the headresses of the males. This is most noticeable in paintings of ancient Syrian life, for no doubt the Syrians wore then, as now, a turban, thick, light and colorless, to protect them from the burning sun.

Not His Kind.

"Would you die for me?" she asked dreamily.  
"Oh, say," he retorted in a matter of fact way, "if you haven't any more ambition than to be looking for dead ones you're not the girl for me!"—Chicago Post.

DISCUSES "OPEN" SHOP.

Labor Leaders and Capitalists in Conference at Chicago.

Chicago, Oct. 16.—Discussion of the question of the "open" shop by representatives of labor and of capital took on the greater part of the first session of the National Civic Federation conference, which is endeavoring to establish more rightful relations between employers and employees and to end strikes. Various phases of the matter of the freedom of employment, which is now agitating the industrial world, were presented by interested persons. The discussion will be continued today when it will become general.

During his talk on "open" shop, John Mitchell, president of the United Mine Workers, strongly denounced the unionism and the strike breaker, whom he likened to a criminal.

The afternoon session of the conference closed with the address of Edward J. Moffett of New York, on "The Open Versus the Closed Shop."
